## NUB Global Academic Partnerships

NUB is proud to partner with many leading universities around the world, giving our students an opportunity to study abroad on an exchange basis, which is important for their personal growth and career prospects. In addition, international students will be able to study at **NUB**, taking advantage of unique academic and cultural experiences through direct communication with students from different cultural and educational backgrounds.

For more information, please contact the **NUB's** International Office to learn more about partner universities available for upcoming registration.

## Aptech at NUB – Empowering Students By Enhancing Their Employability Skills

NUB is committed to secure its students' future by empowering them with the necessary knowledge and employability skills needed to introduce a generation of leaders ready for employment immediately upon graduation. Consequently, in 2017-2018, **NUB** collaborated with Aptech Academy of Learning and Training Ltd. in India. Offering internationally accredited English and IT courses as university requirements at all **NUB** faculties. Courses are compulsory for students who start their first academic year at **NUB** and are taught over three academic years, across six academic semesters.

## CISCO Networking Academy at NUB

Technology Education Program for College-and Career-Ready Students.

Cisco Networking Academy provides a number of teaching enhancement tools for instructors, including:

- **Cisco Packet Tracer:** a lab simulation tool available to instructors and students to be used with coursework
- **Interactive teaching guides**
- **Online assessments**
- **Grade books**
- **Gaming:** work scenario environment for students to manage projects and develop work and thinking skills
- **Case studies:** work scenarios for students to build skills and specialties
- **Communities of support** for both instructors and students

## NUB Student Dormitories

NUB has state-of-the-art residences that can accommodate more than 850 students, well equipped with modern accommodation facilities to ensure student safety, as well as on-site comfort. Supervised by a group of specialized professors and supervisors, each building in the dormitory enjoys a spacious lounge, a prayer hall, a reception room, and a private study and reading room, making it an ideal environment to study, connect and excel.

## NUB Students' Recreational Facilities

NUB offers a variety of top-class facilities to offer its students a holistic experience aimed at balancing education with recreation. From cutting-edge gym rooms supervised by expert instructors, hockey and ping-pong halls encouraging daily activity to a variety of mind stimulating games including chess rooms. **NUB** also has tennis, volleyball and basketball courts, in addition to a modern stadium that can accommodate more than 400 spectators, as well as an excellent restaurant that operates 12 hours a day.

## NUB Office of Student Affairs

NUB Student Affairs Office is proud to be the one-stop-shop and official source of students' academic records. The office provides students with a variety of enrollment services related to registration, transcripts, grades, degree plans, class and final exam schedules, in addition to athletics certification, and graduation. Many of our services and resources are available online through the university portal.

The Student Affairs Office is responsible for all correspondence related to filling student registration documents and university fees. In addition, the office maintains a standardized database for all students on campus and is responsible for issuing student certificates, as well as registering new students. Moreover, the office is responsible for facilitating all steps necessary to transfer students between faculties, as well as issuing school ID cards.

NUB Student Affairs Office oversees all required correspondences with students and parents regarding the payment of tuition fees and the fulfillment of the academic process, as well as reporting any instructions specified or any urgent observations.

## Medical Care for NUB Students

At **NUB**, students' health is our top priority. Therefore, the university has a fully equipped 24-hour medical clinic, managed by a dedicated team of professionals, available around the clock to receive any urgent cases that require utmost care. Moreover, NUB provides health insurance to students in unexpected cases of accidents by contracting a reputable hospital as its emergency arm.

## Transportation Facilities at NUB

NUB operates a fleet of modern buses to provide safe transportation to and from the university, connecting it to Cairo and many other major cities, as well as villages nearby. Ideally situated at the entrance of the New Beni Suef City and on Cairo - Beni Suef Road's starting point, NUB is easily accessible through various major roads and means of transportation, providing a hassle-free experience where convenience is key. For students living outside of Beni Suef, **NUB** provides direct transportation from different points of arrival such as train stations, buses and taxis, as well as from Cairo and nearby cities of Beni Suef.

## THE GATE TO YOUR FUTURE

# NUB in Brief

**Nahda University in Beni-Suef (NUB)** is an Egyptian private university - established in 2006 under Presidential Decree No. 2006/253 - has spared no effort in making its way towards excellence at a steady pace to occupy its renowned position in Upper Egypt today while elevating the challenges facing the education sector in the critical stage we live in. The moment we thought about how much attention was needed for education, especially in Upper Egypt, was the moment when we collectively realized that our dream of building **NUB** was possible and necessary. Our goal was to create a place to care for the development of students, as well as to prepare the educated generations that we can entrust to develop our beloved country.

By adopting advanced learning methodologies to generate open and competitive generations in different labor markets, **NUB** offers a truly exclusive model with a focus on the future.

**NUB** offers a variety of studies, covering the most imperative technical, academic and specialized business skills. Our academic staff are outstanding scientists who apply the latest scientific and academic teaching methods to enable students to fully understand their subjects while effectively applying their knowledge and skills at work.

**NUB** is not just a place for academic studies, it is a development center where students are empowered to develop their intellectual skills by excelling in research, academia and social work. University provides students with the latest teaching tools and prepares them to fulfill their mission as leaders of development through programs that enhance their creativity, build on their skills and enrich their mental capabilities.

**NUB is the first private university in Upper Egypt, supported by the dedicated efforts of its first-class professors to develop the minds of youth in Upper Egypt, and to create an ever-evolving generation that can contribute significantly to the progress of society.**

# NUB Mission

**NUB** prepares distinguished graduates able to compete globally by engaging them in education and research activities as well as community service. The University also works to develop student performance and thought to enable students to shine in their areas of specialization or in any position they occupy.

# NUB Achievements

Students Graduation Ceremony Class of 2018

- On the educational level:** **NUB** introduces the Credit Hours System as an advanced certification system that helps students achieve excellence.
- On the systematic level:** **NUB** applies an electronic fingerprint system to monitor the attendance /absence of the academic staff and students.
- On the labor market level:** 84% of **NUB** graduates enroll in prestigious posts in the labor market within the first 6 months from graduation.
- On the academic and research level:** **NUB** students participate in academic and research competitions as well as in national and international conferences all over Egypt.
- On the external representation level:** University students achieved honorable results in all the fields they participated in. They were truly the best **NUB** ambassadors on both national and international levels.
- On the student exchange level:** During their years of study at **NUB**, students receive theoretical and practical training Arab and foreign universities.
- On the academic staff level:** **NUB** recruits distinguished professors who have obtained degrees from international universities and scholars who have taught at prestigious universities.

# Nahda Continuous Education Center (NCEC)

**NUB** Continuous Education Center (**NCEC**) is a chain that connects the university with society. The center allows the largest possible number of community members to benefit from the expertise, experiences and resources available in **NUB** by offering programs that develop the required skills and expertise while providing a supportive and encouraging environment, in theory and in practice. In addition, the center is tasked with improving teaching, learning and training methods to develop the capabilities of all parties involved in the educational process, leveraging academic expertise by offering advanced programs that develop the abilities and skills of **NUB** faculty and staff. The Center also offers advanced training programs for academic and administrative leaders to improve their leadership performance and decision-making abilities, as well as their intellectual and research skills. **NCES** offers a wide range of training programs and integrates with courses offered by Aptech, Huawei, Cisco and Oracle academies.
