THE GATE TO
YOUR FUTURE

WHY JOIN **THE FACULTY OF PHARMACY?**

- The Faculty of Pharmacy at **NUB** is accredited from the National Authority for Quality Assurance and Accreditation of Education (NAQAAE) under decree No 191 on 15th of July 2019.
- Adopting modern teaching and learning methods
- The faculty is fully equipped with the state-of-the-art laboratories that prepare graduates with superior pharmaceutical skills
- A new PharmD program, for Clinical Pharmacy, currently under processing
- The Faculty is staffed by a distinguished and selected group of faculty members with a high H index
- The Faculty has centralized research laboratories and an animal and pharmaceutical design laboratory equipped with state-of-the-art equipment, leading to the publication of prominent international publications and patents
- The Faculty offers training programs aimed at raising the level of scientific and practical skills of students
- Successful faculty graduates can be found all over the country, working efficiently and professionally to serve the community

NAHDA UNIVERSITY **ANIMAL HOUSE**

The Animal House is a special unit of **NUB** and supervised by the Faculty of Pharmacy, which provides various research services to students and researchers from NUB and other universities by:

- Providing experimental animals for scientific research free of charge
- Breeding experimental animals such as rats and mice
- Providing a suitable laboratory space for researchers from various Egyptian universities to carry out their scientific research
- Providing appropriate laboratory spaces equipped with advanced tools and equipment in order to create an ideal research environment aimed at conducting scientific research efficiently and conveniently
- Providing treatment and surgery laboratories to collect samples after trials
- Introducing new scientific techniques that are always updated to ensure a competitive advantage.

STUDENT SUMMER TRAINING

Students are granted direct access to training opportunities during mid-year and summer vacations at top-class workplaces relevant to their specialties. Accordingly, they are well prepared to work in distinguished and prestigious workplaces after graduation.

NAHDA LEARNING RESOURCE CENTER (NLRC)

NUB Learning Resource Center (**NLRC**) is a chain that connects the University with society.

Therefore, the University has established NLRC as a center of excellence for sustainable development in Upper Egypt in collaboration with the major international companies in training, human development, and information technology, which aims to build capacity and increase employment rates for Egyptians.

The Center allows the most significant possible number of community members to benefit from **NUB's** expertise, experiences, and resources by offering programs that develop the required skills and expertise while providing a supportive and encouraging environment in theory and practice.

In addition, University tasked NLRC with improving teaching, learning, and training methods to develop the capabilities of all parties involved in the educational process, leveraging academic expertise by offering advanced programs that develop the abilities and skills of **NUB** faculty and staff. The Center also offers advanced training programs for academic and administrative leaders to improve their leadership performance and decision-making abilities, as well as their intellectual and research skills.

Finally, **NLRC** offers a wide range of training programs in Digital Transformation and Enterpnuship and integrates with Aptech, IBDL, Huawei, Cisco, and Oracle academies.

APTECH AT NUB — EMPOWERING STUDENTS WITH ESSENTIAL EMPLOYABILITY SKILLS

NUB is committed to securing its students' future by empowering them with the necessary knowledge and employability skills to introduce a generation of leaders ready for employment immediately upon graduation. Consequently, in 2017-2018, **NUB** collaborated with Aptech Academy of Learning and Training Ltd. in India, offering internationally accredited English and IT courses as university requirements at all faculties. Courses are compulsory for students who start their first academic year at **NUB** and are taught over three years of study, within three academic years, across six academic semesters.

NUB'S E-LEARNING PLATFORM:

NUB devised its online e-learning platform utilizing MOODLE Learning Management System (LMS), a platform for online teaching, learning, community building, and knowledge sharing. Our LMS system is one of the **NUB's** vital educational pillars, which sets it not only at the forefront of Egyptian universities but also provides easy access for students, through **NUB's** website, to:

- Monitor students' progress and Facilitate intelligent adaptive learning
- Enables students to interact with their tutors and peers daily
- Broadcast Synchronous and Asynchronous video lectures
- Increases productivity and efficiency of educational learning
- It helps students solve the most critical challenges in today's ever-changing environment while increasing their success chances.
